===== START =====

French-speaking girls, probably the daughters of French police, security and/or military officers, are stealing and hacking my equipment real-time while I work (*as I enter this text*); photos taken. French agents had earlier on been filming what I was writing by hand and were trying to disrupt me by talking on the café's indoors ambience music (2006 Hezbollah – Israel conflict, French military personnel insolently thieving at Warsaw's Mercurie Hotel, with the participation of French military policeman and a catholic priest; embassy cars involved in brutal torture (25b), information posted in the "latest news" section of sites mentioned in documents you received).

French Jewish gangsters systematically scanning my brain, fracturing psychic by pattern: “Later, when we should be punished for the crimes we committed and commit ... (waiting a few seconds for the biometric “click”) ... No!”.
